

AXCIDE

V-TOX

GENERAL

V-TOX is aldehyde-based disinfectant with wide spectrum of anti-microbial activity including influenza. It is non-corrosive.

Spectral Effectiveness

V-TOX is effective on bacteria, fungi, and viruses.

The main active substance is a complex of aldehydes, and does not contain formaldehyde.

It is suitable for all kinds of surface, and also suitable for cleaning machines.

With regular application, a cumulative effect against bacteria is created.

PACKING

200kg per UN approved PE drum

APPLICATIONS

Recommended Dilution Rates for **V-TOX**: 1% dilution in water.
That is, 10ml **V-TOX** to mix with water to make into 1000ml solution for use.

V-TOX can be applied manually or via a pressure spray. Ensure all surfaces are covered, with 30 minutes exposure or until dry.
